The Gulf of Mexico
No Drill No Spill
T-Shirts For Sale

Everyone here at the Homestead is very upset and concerned about the Deepwater Horizon Oil Spill and how it will effect our Gulf Coast environmentally and economically. We are selling the design below to show our support for no offshore drilling and we are donating \$1.00 per shirt sold to help with the clean up effort of the current disaster.

For orders of 48 shirts or more: \$5.95 for white or natural color shirts. \$6.95 for color shirts. Plus shipping and tax. \$20.00 and you can have your company name, organization, group name or volunteer printing on the back. \$1.00 per shirt sold will go to the clean up effort.

For orders of 48 or less or single piece orders: \$8.00 per shirt. No option for print on the back. Plus shipping and tax. \$2.00 per shirt sold will go

to the clean up effort.

This is a colossal disaster, that we are yet to know how extensive and far reaching the damage will be. There are many volunteer groups forming and charities taking donations. We encourage everyone to help in any way they can.
